

# Absolute pressure or relative pressure

---

Information about the type of pressure used by the NextGen software.

Online version: <https://nextgen.sant-ambrogio.it/KB333723>

Latest update: 27 lug 2021

---

The NextGen software requests in input and shows in output the pressure values **relative to the atmospheric pressure**. All the input pressures required are therefore to be considered **gauge pressure**.
