

How to visualize the test cases report of ASME PTB

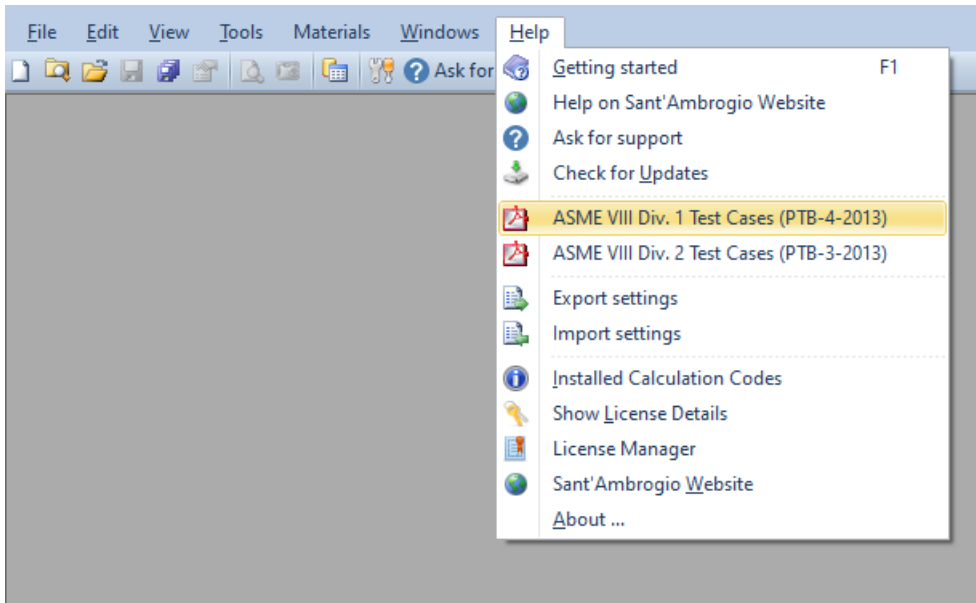

Description of the steps to visualize the test cases reports of ASME VIII PTB.

Online version: <https://nextgen.sant-ambrogio.it/KB364188>

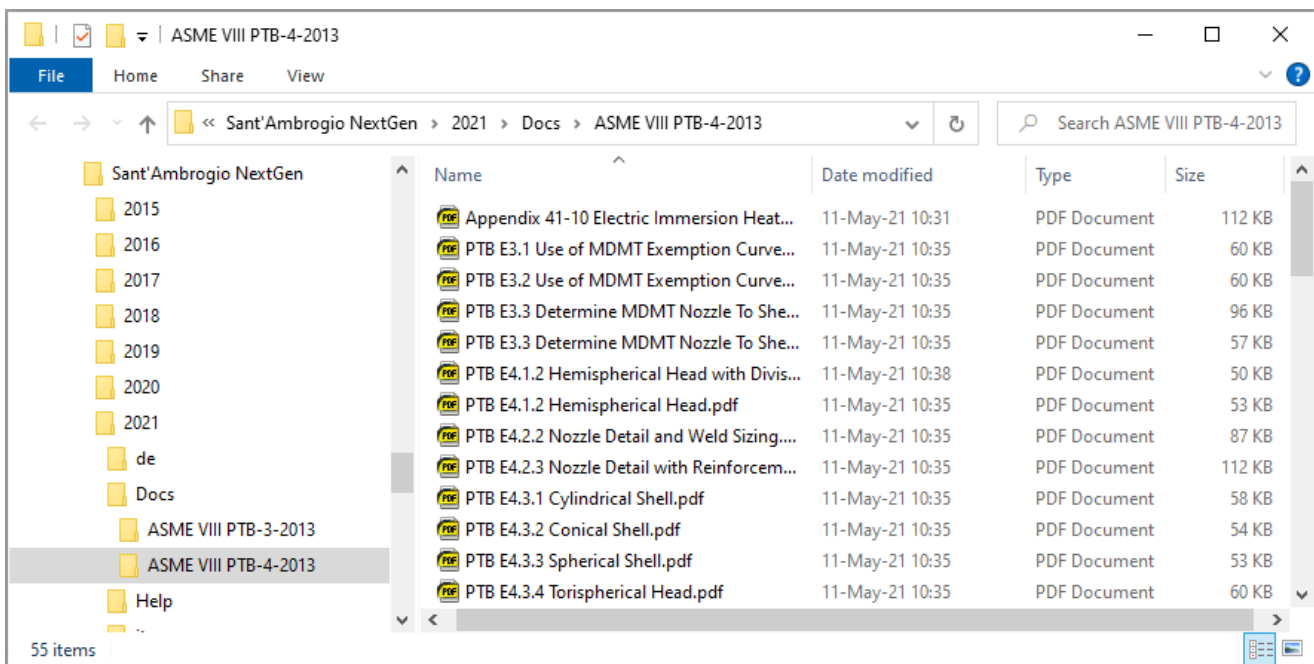

Latest update: 20 set 2021

In NextGen we make available the calculation reports of the test cases of ASME VIII PTB-3 and PTB-4, at the latest available version.

You can access the report by clicking on the "Help" button in the NextGen menu:

By selecting the cases of Division 1 or Division 2, a folder containing the reports is opened:

To access the report made with a previous version of NextGen, you can repeat the procedure using the desired version of NextGen.
